# Nuvoton Technology Corporation 2024 Business Report

In 2024, the market focus concentrated primarily on the rapid development of artificial intelligence (AI) and green energy sectors. The widespread application of AI technologies has driven digital transformation across numerous industries. Simultaneously, the growing global consensus on energy transition has created additional opportunities for the green energy industry. Although automotive operations performed relatively weakly this year due to inventory adjustments, the automotive semiconductor market still shows growth potential in the long term, benefiting from the advancement of vehicle electrification. Looking toward future market trends, Nuvoton is not only solidifying its existing strengths and continuing to promote next-generation automotive semiconductor application products, but also actively investing in the development of MCUs for AI-related application scenarios and strengthening its positioning in green energy solutions, injecting new momentum into the Company's long-term development.

#### **Financial Performance**

In terms of overall financial performance in 2024, Nuvoton's total consolidated revenue was approximately NT\$31.923 billion; net income after tax was approximately NT\$220 million; earnings per share after tax was NT\$0.52.

### **Products, Markets and Technological Developments**

Looking back at 2024, Nuvoton continued to deepen its presence in target markets, achieving notable successes across various sectors, with key accomplishments summarized as follows:

With the continuous growth of AI in edge and cloud computing domains, we achieved several significant breakthroughs, such as launching the NuEzAI-M55M1 development board based on the Arm Cortex-M55 core. This platform not only provides developers with a low-threshold, high-efficiency development environment that greatly simplifies the development process for edge AI, but also strengthens companies' competitiveness in the edge AI market. Additionally, at the 2024 OCP Summit, we collaborated with major chip manufacturers to demonstrate multi-node BMC solutions that effectively shorten server development cycles and reduce development resource requirements. Concurrently, our security chips developed on the OpenTitan® foundation serve as next-generation security solutions for

Chromebooks, as we continue to provide customized services for our cloud customers. In the industrial control and green energy sectors, we developed two new industrial battery monitoring chips, which are suitable for 48-volt systems and support 17 series-connected batteries, and mass-produced TOF sensors with built-in deep computing circuits to expand application scenarios. Furthermore, our digital power MCUs were successfully introduced to Japanese customers for energy storage systems, further expanding our footprint in new energy applications. In the automotive sector, our fourth-generation battery monitoring chips, which offer higher precision in measuring cell voltage, temperature, and battery pack current, began mass production for automotive customers this year, adding momentum to the Company's future performance.

### **Honors and Awards**

In 2024, Nuvoton received numerous accolades for product innovation and corporate management. For product innovation, our M2L31 series low-power microcontrollers with built-in ReRAM memory won the 2024 "EE Awards Asia - Asia Gold Selection Award" for MCU/Driver IC of the Year, and our BMC products received subsidies from the Innovation Platform Project organized by the Industrial Development Administration, Ministry of Economic Affairs. Simultaneously, in automotive safety, we obtained SGS certification for the ISO 24089 (safety standards for road vehicles software update engineering). To uphold our green semiconductor business philosophy, Nuvoton remained committed to sustainable development, earning recognition as a "2024 Asia-Pacific Climate Leader" by the Financial Times and international research institution Statista, as well as "Electronic Information Manufacturing Industry - Category 1 Platinum Level and Workplace Well-being Leadership Award for the TCSA (Taiwan Corporate Sustainability Awards). We were also selected among Business Weekly's "2024 Top 100 Carbon Competitive Companies." These awards and achievements highlight our technological R&D outcomes and efforts in promoting sustainability.

### **Corporate Operation and Outlook**

Looking ahead, Nuvoton will continue to focus on three key areas: AI, green energy, and automotive applications, while strengthening resource investment and actively seeking additional partnerships to jointly develop innovative solutions that will serve as our future growth niches and momentum. Simultaneously, adhering to our vision of being "the hidden champion enriching human life through green semiconductor technology," we will integrate green design concepts into product development, accelerate the application of green technologies, and strengthen Nuvoton's importance and leadership position in the competitive market.

### **INDEPENDENT AUDITORS' REPORT**

The Board of Directors and Shareholders Nuvoton Technology Corporation

#### **Opinion**

We have audited the accompanying consolidated financial statements of Nuvoton Technology Corporation and its subsidiaries (collectively referred to as the "Group"), which comprise the consolidated balance sheets as of December 31, 2024 and 2023, and the consolidated statements of comprehensive income, changes in equity and cash flows for the years then ended, and the notes to the consolidated financial statements, including material accounting policy information (collectively referred to as the "consolidated financial statements").

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Group as of December 31, 2024 and 2023, and its consolidated financial performance and its consolidated cash flows for the years then ended in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers, and International Financial Reporting Standards (IFRS), International Accounting Standards (IAS), IFRIC Interpretations (IFRIC), and SIC Interpretations (SIC) endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China.

### **Basis for Opinion**

We conducted our audits in accordance with the Regulations Governing Financial Statement Audit and Attestation Engagements of Certified Public Accountants and the Standards on Auditing of the Republic of China. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with The Norm of Professional Ethics for Certified Public Accountant of the Republic of China, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### **Key Audit Matter**

Key audit matter is this matter that, in our professional judgment, were of most significance in our audit of the consolidated financial statements for the year ended December 31, 2024. This matter was addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on this matter.

### Occurrence of Sales Revenues Recognition

Revenue from the sale of goods is recognized when the customer received the goods and bear the risk. We performed an analytical procedure on the sales revenue in 2024, and some kind of products have relatively high gross margins and certain percentage of annual sales, which has a material impact of the financial report. Therefore, we choose the occurrence of those products sales revenue as a key audit matter for the year ended December 31, 2024. Refer to Note 4 to the consolidated financial statements for the Group's revenue recognition policies.

Our audit procedures in response to the occurrence of sales revenue recognition included understanding the design and the implementation of internal control of sales revenue and selecting samples of revenue items and confirmation to verify that revenue transactions have indeed occurred.

#### Other Matter

We have also audited the parent company only financial statements of Nuvoton Technology Corporation as of and for the years ended December 31, 2024 and 2023 on which we have issued an unmodified opinion.

# Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and IFRS, IAS, IFRIC, and SIC endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those charged with governance (including members of the audit committee) are responsible for overseeing the Group's financial reporting process.

### Auditors' Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Standards on Auditing of the Republic of China will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with the Standards on Auditing of the Republic of China, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- 1. Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- 2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- 3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- 4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- 5. Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- 6. Obtain sufficient and appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision, and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with statements that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements for the year ended December 31, 2024 and are therefore the key audit matter. We describe this matter in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. hina, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

## **Key Audit Matters**

Key audit matter is this matter that, in our professional judgment, were of most significance in our audit of the financial statements for the year ended December 31, 2024. This matter was addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on this matter.

## Occurrence of Sales Revenues Recognition

Revenue from the sale of goods is recognized when the customer received the goods and bear the risk. We performed an analytical procedure on the sales revenue in 2024, and some kind of products have relatively high gross margins and hold certain percentage of annual sales, which has a material impact of the financial report. Therefore, we choose the occurrence of those products sales revenue as a key audit matter for the year ended December 31, 2024. Refer to Note 4 to the parent company only financial statements for the Company's revenue recognition policies.

Our audit procedures in response to the occurrence of sales revenue recognition included understanding the design and the implementation of internal control of sales revenue and selecting samples of revenue items and confirmation to verify that sales transactions have indeed occurred.

## Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance (including members of the audit committee) are responsible for overseeing the Company's financial reporting process.

## Auditors' Responsibilities for the Audit of the Parent Company Only Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Standards on Auditing of the Republic of China will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these parent company only financial statements. idered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these parent company only financial statements. dered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these parent company only financial statements.

As part of an audit in accordance with the Standards on Auditing of the Republic of China, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- 1. Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- 2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- 3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- 4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- 5. Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- 6. Obtain sufficient and appropriate audit evidence regarding the financial information of the entities or business activities within the Company to express an opinion on the financial statements. We are responsible for the direction, supervision and performance of the audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

## Nuvoton Technology Corporation Rules Governing the Conduct of Shareholders Meeting

The seventh amendment was adopted by the annual general shareholders meeting on June 2, 2022

#### Article 1

These Rules were created for the specific purpose of establishing a good shareholders meeting governance system to strengthen the supervisory and management functions of the Company.

#### Article 2

Unless otherwise provided relevant laws, regulations and the Articles of Incorporation, all shareholders meetings of the Company shall be conducted in accordance with these Rules.

With the exceptions of Article 3 and Article 4 of these Rules, in which the term "shareholder" refers to shareholders themselves, "shareholder" as used in these Rules refers to shareholders themselves or a legally commissioned proxy attending on behalf of a shareholder.

#### Article 3

The shareholders' meetings of the Company shall be convened by the Board of Directors unless otherwise provided by laws and regulations.

Any change in the manner of holding a shareholders meeting shall be resolved by the Board of Directors and shall be made at the latest before the mailing of the notice of the shareholders meeting.

All shareholders shall be served with the convention notice of annual general shareholders meeting at least 30 days prior to each meeting, except for those shareholders each holding less than 1,000 registered shares who may be notified by means of an announcement on the Market Observation Post System at least 30 days prior to the meeting according to relevant laws and regulations. All shareholders shall be served with the convention notice of special shareholders' meetings at least 15 days prior to the meeting, except for those shareholders each holding less than 1,000 registered shares who may be notified by means of an announcement on the Market Observation Post System at least 15 days prior to the meeting according to relevant laws and regulations.

Convention notices and announcements shall state the reasons for the meeting. The convention notice may, as an alternative, be given by means of electronic transmission, after obtaining the prior consent of shareholders.

The matters specified in Paragraph 5 of Article 172 of the Company Act, or Article 26-1 or Article 43-6 of the Securities and Exchange Act, or Article 56-1 or Article 60-2 of the Regulations

Governing Offering and Issuance of Securities by Issuers shall be listed among the reasons and explained in the convention notice of the meeting, and may not be proposed as extemporary motions.

The Company shall prepare the agenda handbook for shareholders meeting prior to the meeting in accordance with the relevant laws and regulations.

Where the reasons for convening a shareholders meeting has specified the general re-election of directors and the date of their assumption of office, then after the completion of such re-election at such shareholders meeting, the date of their assumption of office shall not be changed at the same meeting by way of ad-hoc motion or otherwise.

A shareholder holding 1 percent or more of the total number of issued shares may propose in writing to the Company a proposal for discussion at an annual shareholders meeting; provided that only one matter shall be allowed in each single proposal. In case a proposal submitted by shareholder(s) contains more than one matter, such proposal shall not be included in the agenda of the shareholders meeting. In addition, if any of the circumstances listed in Paragraph 4 of Article 172-1 of the Company Act occurs to the proposal submitted by any shareholder, the Board of Directors of the Company may ignore that proposal.

The Company shall announce the acceptance of shareholders' proposal, the place and the period for shareholders to submit proposals to be discussed at the shareholders meeting prior to the commencement of the close period for share transfer. The period for accepting such proposals shall not be less than 10 days.

Shareholder-submitted proposals are limited to 300 words, and no proposal containing more than 300 words will be included in the meeting agenda. The 300 words limit includes reasons and punctuation marks. Shareholders submitting proposals to be discussed at the shareholders meeting shall attend the shareholders meeting in person or by proxy, and participate in discussion of those proposals.

Prior to the date for issuance of notice of a shareholders meeting, the Company shall inform the shareholders who submitted proposals of the proposal screening results, and shall list in the meeting notice the proposals that conform to the provisions of this Article. At the shareholders meeting the Board of Directors shall explain the reasons for the exclusion of any shareholder proposals not included in the agenda.

## Article 4

Prior to any shareholders meeting, a shareholder may appoint a proxy to attend the meeting by issuing a power of attorney in the proxy form provided by the Company stating the scope of authorization.

Each shareholder may issue one proxy form, and may only appoint one person to serve as a proxy. The power of attorney must be delivered to the Company at least five days prior to each shareholders meeting. If two or more written proxy forms are received from a shareholder, the first one received by the Company shall prevail; unless an explicit statement to revoke the previous written proxy is made in the proxy which comes later.

After the Company receives a proxy form, in the case that a shareholder who has issued a power of attorney intends to attend the shareholders meeting in person or to exercise his/her/its voting power in writing or by way of electronic transmission, a written proxy rescission notice need be delivered to the Company two days prior to the date of the shareholders meeting; otherwise, the voting right exercised by the authorized proxy at the meeting shall prevail.

The above provision in the preceding paragraph also applies to shareholders' meetings convened by any parties that are not the Board of Directors but have the power to convene such meetings.

Unless otherwise resolved at the meeting, the chairman cannot announce adjournment of the meeting before all the items (including extemporaneous motions) listed in the agenda made according to the preceding two paragraphs are completed; after the meeting is adjourned, shareholders cannot designate another person as chairman and continue the meeting at the same or other place.

When the chairman sees the discussion over a motion, an amendment, or extemporaneous motion as having proceeded to the extent necessary to make a resolution, he may announce discontinuance of the discussion and submit the motion for resolution.

#### Article 11

When a shareholder presents at the meeting wishes to speak, he/she shall fill in a speech note specifying the summary of his/her speech, the shareholder's account number (or the attendance pass number) and the account name of the shareholder. The chairman shall determine the sequence of shareholders' speeches.

If any shareholder present at the meeting submits a speech note but does not speak, no speech should be deemed to have been made by the shareholder. In case the contents of the speech of a shareholder are inconsistent with the contents of the speech note submitted by such shareholder, the contents of the actual speech shall prevail. Conduct for proxy's speeches shall comply with the letter of the proxy forms, documents of public solicitation and advertisement. Unless otherwise provided by laws and regulations, the shareholders appointing a proxy to attend the shareholders meeting shall agree with any speeches and voting made by the proxy in the shareholders meeting.

The same shareholder may not speak more than twice on the same motion without the chairman's permission, and each speech time may not exceed 5 minutes. The chairman may halt the speech of any shareholder who violates the above provision or when the content of such speech is outside the scope of the ongoing discussion.

The number of representatives appointed by a legal-entity shareholder to attend the shareholders meeting should not exceed the number of directors to be elected at the shareholders meeting if there is an election of directors at that shareholders meeting, or the number of directors elected for a term of office if there is no election of directors at that shareholders meeting, and only one representative can speak for the same motion.

After the speeches of the shareholders present at the shareholders meeting, the chairman may respond in person or designate relevant persons to respond to the speech.

The provisions of Paragraphs 1 to 5 hereof shall not apply here.

#### Article 12

Voting at the shareholders meeting shall be determined based on the number of shares.

The shares held by shareholders having no voting right shall not be counted in the total number of issued shares while adopting a resolution at a meeting of shareholders.

A shareholder who has a personal interest in the matter under discussion at a meeting, which may impair the interest of the company, shall not vote nor exercise the voting right on behalf of

another shareholder.

The preceding shares for which voting right cannot be exercised shall not be counted in the number of votes of shareholders present at the meeting.

#### Article 13

A shareholder shall be entitled to one vote for each share held, except when the shares are restricted shares or are deemed non-voting shares under Paragraph 2 of Article 179 of the Company Act.

When the Company holds a shareholders meeting, it may allow the shareholders to exercise voting rights by correspondence or electronic transmission. When voting rights are exercised by correspondence or electronic transmission, the method of exercise shall be specified in the shareholders meeting notice. A shareholder exercising voting rights by correspondence or electronic transmission will be deemed to have attended the meeting in person, but to have waived his/her rights with respect to the extemporaneous motions and amendments to original proposals of that meeting; it is therefore advisable that the Company avoid any submission of extemporaneous motions and amendments to original proposals.

A shareholder intending to exercise voting rights by correspondence or electronic transmission under the preceding paragraph shall deliver a written declaration of intent to the Company 2 days before the date of the shareholders meeting. When duplicate declarations of intent are delivered, the one received earliest shall prevail, except when a declaration is made to cancel the earlier declaration of intent.

After a shareholder has exercised voting rights by correspondence or electronic transmission, in the event the shareholder intends to attend the shareholders meeting in person or by video conferencing, a written declaration of intent to retract the voting rights already exercised under the preceding paragraph shall be made known to the Company, by the same means of which the voting rights were exercised, 2 days before the date of the shareholders meeting. If the notice of retraction is submitted after that time, the voting rights already exercised by correspondence or electronic transmission shall prevail. When a shareholder has exercised voting rights both by correspondence or electronic transmission and by appointing a proxy to attend a shareholders meeting, the voting rights exercised by the proxy in the meeting shall prevail.

If the Company allows its shareholders to exercise their voting rights in writing by correspondence or by way of electronic transmission, the Company shall finish the counting and verification of the votes cast in writing by correspondence or by way of electronic transmission prior to the convening of the shareholders meeting.

If the Company allows its shareholders to exercise their voting rights in writing by

correspondence or by way of electronic transmission, the Company shall compile the number of votes cast in writing by correspondence or by way of electronic transmission and prepare a statement of information and disclose such statement of information in an explicit manner at the venue of the shareholders meeting.

Unless otherwise provided laws and regulations or the Company's Articles of Incorporation, resolutions agreed upon by a majority of the votes represented by shareholders present at the meeting shall be adopted. The voting rights of shareholders shall be calculated according to the voting rights of represented shares that shareholders may exercise in accordance with laws and regulations or the Company's Articles of Incorporation. At the time of a vote, for each proposal, the chairman or a person designated by the chairman shall first announce the total number of voting rights represented by the attending shareholders.

A motion may be resolve by way of vote, or shall be deemed passed if no objection to the motion is expressed by all of the shareholders present at the meeting after the solicitation of the chairman, and shall have the same effect as if it was voted through ballot casting.

If there is an amendment or alternative to a motion, the chairman shall combine the amendment or alternative with the original motion to determine their orders for resolution. In addition, if the proposal submitted by shareholders according to Article 3 of these Rules is conflicting or amending or substituting against the proposal of the Board of Directors, the chairman shall combine the proposal of shareholders with that of the Board of Directors to decide the order for resolution. If any one of the above motions is passed, the others shall be deemed as rejected, upon which no further resolution shall be required. But where the Company allows its shareholders to exercise their voting rights in writing by correspondence or by way of electronic transmission, unless the number of votes cast in writing by correspondence or by way of electronic transmission have reached a majority vote for the motion, the passing of a motion may not occur through the "passed if no objection to the motion is expressed by all of the shareholders present at the meeting" clause.

Vote monitoring and counting personnel for the voting on a motion shall be appointed by the chairman.

Counting of the votes shall be completed at the site of the shareholders meeting. The result of the votes shall be announced and recorded on the spot.

Where the Company convenes a virtual shareholders meeting, after the Chairman calls the meeting to order, shareholders who participate in the shareholders meeting by video conferencing shall vote on each motion and election motion through the Video Conferencing Platform, and shall complete the voting before the Chairman announces the end of the voting, and any delay shall be deemed as abstention.

Those who exercise their voting rights by written or electronic means without revoking their expression of intention and participate in the shareholders meeting by video conferencing may not exercise their voting rights on the original motion or propose amendments to the original motion or exercise their voting rights on the amendments to the original motion, except for ad hoc motions.

The persons responsible for checking ballots must be shareholders and shall monitor the voting procedure to prevent the occurrence of inappropriate voting behavior, examine ballots and monitor the records of the persons responsible for counting ballots.
